OBJECTIVE

I'm a dedicated third-year Information Technology student with practical experience in web development and UI design. I bring strong problem-solving abilities and a collaborative mindset, honed through academic and technical projects. With a solid foundation in frontend development and a growing proficiency in the MERN stack as well as data structures and algorithms, I'm deeply passionate about technology and eager to apply and expand my skills in real-world software development environments.

EDUCATION

Bhagwan Parshuram Institute of Technology

Bachelor of Technology-Information Technology - 8.023   2022 - Present

Kendriya Vidyalaya

12th Science - 84.6   2019 - 2021

Kendriya Vidyalaya

10th CBSE – 85.8   2018 - 2019

SKILLS

Technical:

- Programming Languages: Python ,C++
- Web Development: HTML, CSS, JavaScript
- Library : React
- Data Structures: Basic DSA concepts
- Cloud Technologies: Google CloudPlatform
- Development Tools: GitHub, Postman API, Figma
- Collaboration Tools: Microsoft Teams
- Languages: English (Intermediate), Hindi (Fluent)

Interpersonal:

- Problem-solving
- Team management
- Leadership
- Adaptability
- Effective communication
- Social skills
- Collaboration

PROJECTS

Currency Convertor 🔗
Html, css, javascript

- Supports conversions between major currencies
- Displays current exchange rates
- Allows users to select the currency to convert from and to
- Provides a clear and intuitive user interface

Evently
HTML, Tailwind CSS, React.js, API Integration
Built an event management platform with smart automation features:

- Integrated AI-powered chatbot for real-time planning assistance
- Implemented budget optimization and personalized vendor suggestions
- Used predictive analytics for guest management and sentiment analysis to improve event outcomes
- Enabled seamless third-party API integration for enhanced functionality

CERTIFICATIONS & COURSES

- **Certificate of Participation in GSSoC**
- **Myntra HackerRamp** ↗
- **SUSTAIN-ATHON 2024** ↗
- **Postman API Fundamentals Student Expert** ↗
- Learning MERN Stack Development by Brain Mentors
- Python Programming by Udemy

EXTRACURRICULAR ACTIVITIES

- Member of the **Cultural Committee**; volunteered at events such as college farewells
- Contributed to the Content and Sponsorship teams for the **annual college fest**
- Participated in various hackathons and intra-college competitions
- Passionate chess player; represented school at the national level in high school
